FBI CJIS/NCIC Code Table Summary of Updates Jan 01, 2017 through Mar 31, 2017

Due to a multitude of changes to code values, as well as descriptions, this update will take several hours, depending on the current configuration of your system.

Update 7/10/17: Due to NCIC rescinding the Article code changes, which accounted for a vast majority of this update, we have revisited our time estimates, and they are as follows:

For Configurator version 6.6-only code changes, 3 hours total.

For Configurator version 6.6 + Messenger code and description changes, 5 hours total.

For Configurator version 7.1 and higher code and description changes, 3 hours total.
